

BCR-400

HD Body Camera with Passive GPS

Records Video, Audio, Date, Time and GPS Coordinates

Application

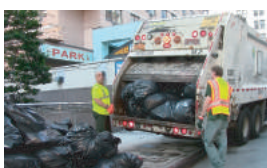

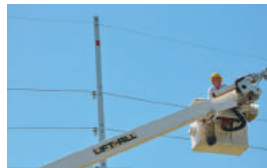

- Law Enforcement, Government
- Fire and First Responders
- Education / Campus
- Corporate, Mall, Retail Security
- Installers, Service Technicians
- Remote / Dangerous Environment

Benefits

- Improve Efficiency
- No recurring fees
- Training / Installation Tool
- Risk Mitigation / Liability
- Protect Staff / Organization
- Video Documentation

Key Features

- Embedded 32GB storage
- Embedded Li-Ion Battery
- 30 Second Pre Event Recording
- 1080P / 720P HD Video resolution
- AVI File - View via AVI Media Player
- Embedded Passive GPS
- Includes Docking Station
- Records HD Video, Audio and Image
- 2" LCD Screen - Live Viewing / Playback
- 140 Degrees Wide Angle Recording / Viewing
- Audible / Visual and Vibration recording indicator
- Built-in IR - Superior Night Vision, LED Flash Light

BCR-400

HD Body Camera with Passive GPS

The BCR-400 is a rugged and compact HD body camera which records 1080P HD Video, Audio, GPS coordinate* and high resolution images. With its innovative All-In-One solution, the BCR-400 incorporates embedded 32GB internal storage, passive GPS and Li-Ion battery for enhanced tamper resistant features.

A built-in 2" LCD screen provides live view and instant playback for added convenience. Access to the camera requires password authentication to prevent unauthorized access.

*Passive GPS works only in outdoor environments when satellite signal can be acquired. Environmental and/or location factors may affect the signal of the GPS reception.

System Includes

- HD Body Camera x 1
- 32GB Storage x 1
- Docking Station x 1
- Clip x 1
- Epaulette Clip x 1
- USB Power Charger
- Car Charger x 1
- User Guide

Camera		Video/Image Review		General
