

## EX4-XC1D AHD 720P Dome Camera

Designed for commercial and harsh demanding environments, the EX series cameras are built for Mobile environments that are subject to constant vibration ,temperature fluctuation and extreme climate conditions.

EX Cameras can be easily connected via Ventra pre made EX4-CBL patch cables in various lengths ranging from 9 to 60ft. Each cable is 4PIN DIN and transmits Video, Audio and Power.

### Features

- Analog HD (AHD) 720P Video Resolution
- Special structural design to dampen Vibration and Interference
- Intelligent Auto Color Temperature and White Balance Adjustment to capture optimal video image quality
- Auto Back Light Compensation adapts to constant light source fluctuations
- Easily integrate to existing vehicle surveillance or back-up camera system
- 6 IR LED for low lighting conditions
- Built-in Mic

### Optional Accessories:

- EX4-CBL9
- EX4-CBL15
- EX4-CBL33
- EX4-CBL60

### The EX camera is compatible on all XDR series Hybrid DVR
